Grant County Emergency Operations Center

COVID-19 Response / Planning

March 26, 2020 Daily Briefing

## 0900 Daily Briefing;

The Grant County Health Department has reported **5 confirmed cases of COVID-19** in Grant County

The Indiana State Department of Health (ISDH) has identified 645 total presumptive positive cases of COVID-19 and 17 deaths and 4,651 tests in the state since Friday, March 6.

The Grant County emergency operations center staff will participate on a conference call with the State emergency operations center to get the latest predictions from the state of Indiana. We will use that information locally to make adjustments to our strategy and planning for Grant County.

There are several misleading websites operating so we have put together a list of trusted sites where people can go for credible information. These website links can be found on our Grant County EMA website on the COVID-19 page: <https://www.grantcounty.net/grant-county-offices/ema/covid-19>

**MGH has activated a call in system for people with questions to use rather than calling the ED. The number is 765-660-6999.**

Respectfully,

Robert W. Jackson  
Director, Grant County EMA/DHS
